Cuyuna versus Rotax

Well to correct a few things, its a cuyuna 430 (430 cc) with different sub designations if it was a pull or push setup. Back in 1983 or so they came up with less fins on the front head to take less heat away so as to balance the forced cooling front-to-back. With two carbs you can have a slightly richer mixture on the rear cylinder to cool it a ...
